### **Alumni Update - Summer 2010**

The Delta Betas continue to grow and prosper. Finances for both the active chapter and alumni have improved over the previous year. We have acquired the adjacent parking lot, upgraded the electrical system to accommodate computers and our guests' hairdryers and installed a fire sprinkler system to code. We thank everyone who helped with these accomplishments.

Our cook and helper, Billye, continues to provide good lunches and dinners. The alumni meet for lunch the last Thursday of each month during the school year for good food, lies and ideas. Please come join us.

There are currently 116 active members. We will initiate nine men in September and expect a good rush in the fall with greater numbers. We do need to improve our pledge-to-active ratio and we will.

Mark Harlan leaves us for UCLA's athletic department. We all owe Mark a debt of gratitude for his years of outstanding leadership. We wish him great success. He promises tickets for all. Garrett Munro, who we've gotten to know and respect, will fill the roll of Chapter Advisor.

Special thanks should go out to brothers Torrington and Morfit for their recent contributions of \$1,000 and \$250 respectively.

Although we do not have any capital campaigns planned, it is critical to continue the \$100 minimum annual dues/donation program. Please continue to help us reduce our debt and fund our undergrad programs.

We have tried to make it easy; you can pay by check, credit card or Pay pal. Just click this link for our web page.
